Body Language and Lie Detection

Program presented by: Shelly O'Donovan at Illuminate the Message, LLC

In a world so focused on the words we say, most people are missing out on how we say those words, the nonverbal behind the verbal. You have the ability to harness the power of nonverbal communication, to revolutionize the way you present yourself, to change the way you approach interactions and to utilize a unique skill set to become the best version of yourself. Have you ever been curious about lie detection and body language? We will spend a few minutes discussing the hot topic of lie detection. We all do it! Everyone lies and with a bit of training you can become better at spotting it
